JSC

Multi-Service
provider under
one umbrella

Expertise at
tackling
Red-tapism to
expedite the
project
execution

Experience in
Information
Technology,
building skilled
and semiskilled
Manpower

Understanding
of the Indian
Political-Legal-
Cultural system

Capabilities to
handle projects
involving multiple
Government
departments

**OUR
USP**

Glimpse of works spread

- ✔ Conceptualize and design project work for Private and Government Sector (Railways) for the changing business needs and upcoming technology.
- ✔ Operate Toll collection all over India with Government agencies like **NHAI, RSRDC, HSIIDS, RIDCOR.**
- ✔ Operate Mining sites and crusher units spread across North India.
- ✔ Conceptualized and successfully implemented a new age technology platform for the real time payment system with Brand name “**Trupay**”. Similar tech process were latter adopted by **Google Pay, Truecaller** for their payments business.

Price centric
nation

Slow
decision
making

Lack of
trained & skilled
manpower

**BUSINESS
CHALLENGES**

Protecting
Investors
& enforcing
contracts

Complex
organizational
hierarchies

Political-Legal-Culture
System of India

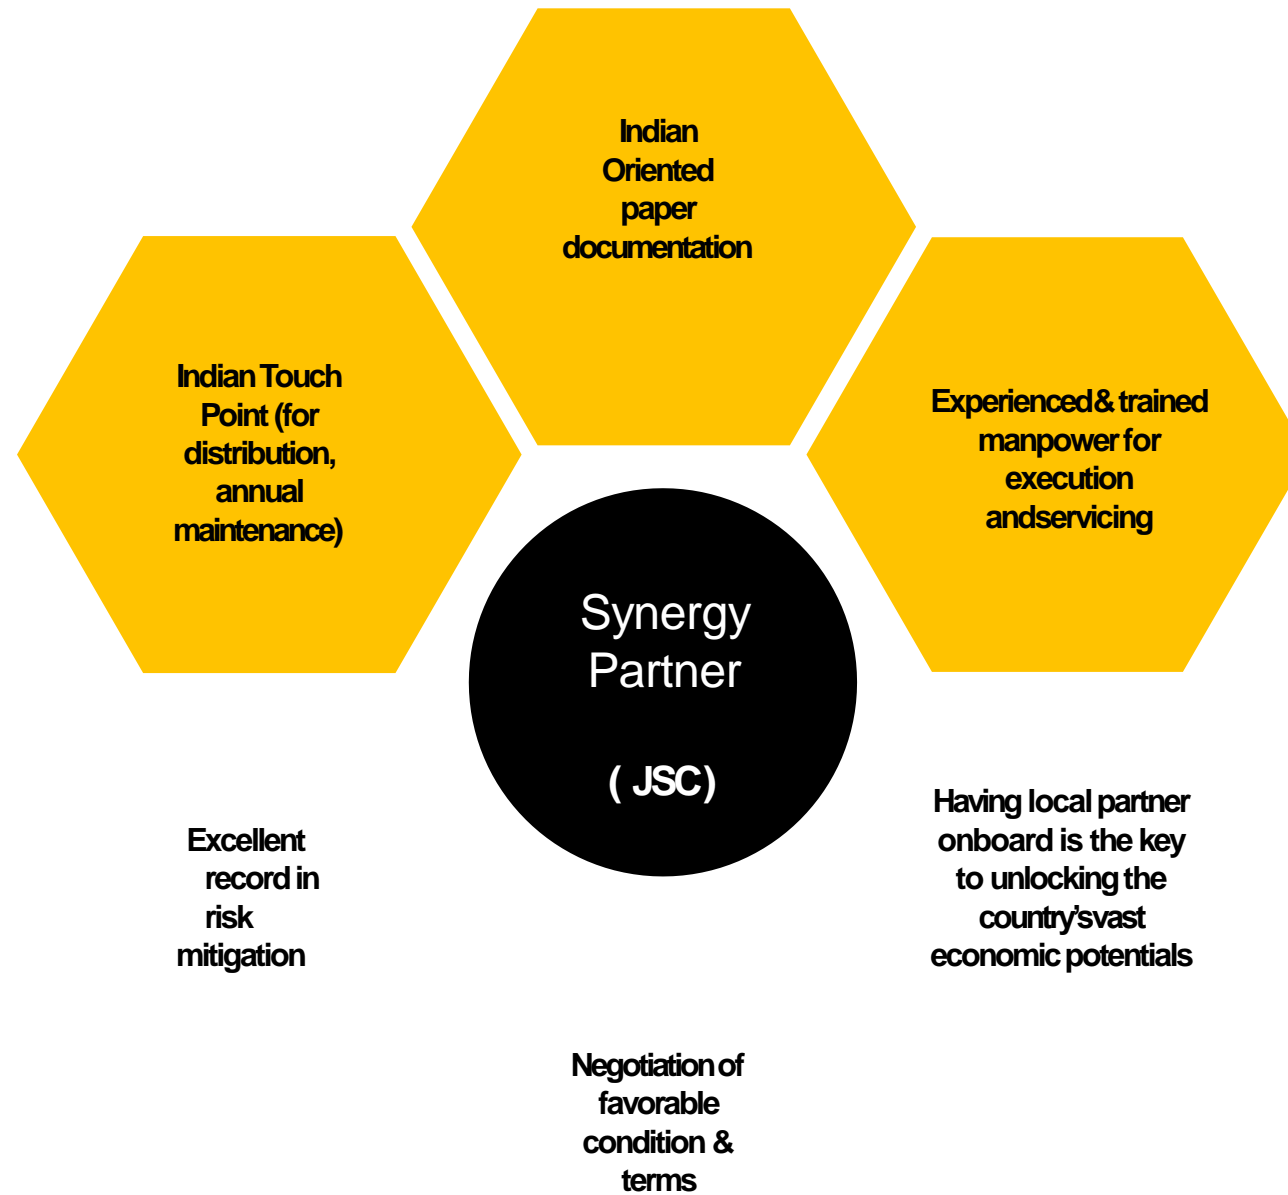

**Strong relationship
with partners**

**Provide operational
excellence**

**JSC
Objects**

**Effective management
supervision**

**Focus on cost
efficiency**

“

Always deliver more than expected
